

SpecterOS4x 4x OPTICAL SIGHT

The SpecterOS4x Optical Sight is an optically brilliant instrument for precision aiming of service rifles and carbines. With superior low light performance and extremely long eye relief, the SpecterOS4x outperforms competing 4x optical sights and, as a result, has been selected for general service by advanced military forces.

Depending upon the situation, the user may light the central part of the reticle with brilliant LED illumination for CQB applications, or select lower-level illumination of the entire reticle for low-light operations. Because the reticle is etched in glass, it is plainly visible even in the case of loss of electrical power due to battery failure or EMP.

The SpecterOS4x is an extremely rugged tool designed to withstand the rigors of modern professional use.

SpecterOS4x

Models: SFOV4-A1 • SFOV4-C1

Specifications

Magnification	4x
Length	153mm nominal
Width	67mm nominal
Height	65 mm nominal
Weight	515g nominal with battery

Reticle

SFOV4-A1:	ballistic crosshair with CQB chevron
SFOV4-C1:	ballistic crosshair with CQB central cross and VSOR Rangefinder

Ballistic correction

SFOV4-A1:	CX5755 reticle: 100-800m for 5.56 NATO
SFOV4-C1:	CX5855 reticle: 100-800m for 5.56 NATO

Field of View

6.5 degrees

Illumination source

Battery-powered LED

CQB illumination

5 settings (AN/PVS-22 night vision compatible)

Whole reticle illumination

5 settings (AN/PVS-22 night vision compatible)

Eye Relief

70 mm

Entrance pupil

32mm

Exit pupil

7.8mm

Fixed focus range

20m to infinity

Battery type

DL 1/3N (3v Lithium)

Battery life

600 hours minimum, 3000 hours average

Exterior finish

Hard-anodized aluminum, gray/black color

Adjustment resolution

0.5 minute of angle

Adjustment range

120 minutes of angle

Base requirement

Mil-Std-1913 'Picatinny Rail' (Weaver compatible)

Attachment

ARMS Levers

Environmental

Waterproof:

66 ft for 2 hours

Shockproof:

450 g's

Available accessories

ARD (Anti-Reflection Device), Lens covers

MRD mount

SFOV4-A1 chevron reticle with CQB illumination

SFOV4-C1 reticle with CQB illumination
