Armament Technology celebrates 10th Anniversary of the ELCAN Specter® DR 1-4 x dual role sight at SHOT Show 2016

Armament invites SHOT Show Visitors to Booth #20549

HALIFAX, NS, (January 7th, 2016) — Armament Technology Incorporated will kick off celebrations of the 10th Anniversary of the release of the ELCAN Specter® DR 1-4x dual role weapon sight at Booth #20549 during SHOT Show at the Sands Expo Center in Las Vegas, Nevada on January 19-22, 2016.

The ELCAN Specter® DR dual role rifle sight is still the world's only truly dual field-of-view combat weapon sight providing both 1x and 4x magnification with the throw of a lever. The crystal clear optics, durability, reliable performance and extended eye relief continue to provide the best single solution for medium range and CQB engagements in commercial, law enforcement and military applications.

"Customers and dealers are invited to Booth #20549 at the 2016 SHOT Show in Las Vegas to celebrate the 10th Anniversary of the ELCAN Specter® DR 1-4x dual role sight," said Ted Milner, President of Armament Technology Incorporated, "we look forward to personally thanking our customers and dealers for their support."

- The first 50 customers to bring a photo of themselves with their ELCAN Specter® sight to Booth #20549 will receive a limited edition ELCAN Specter® baseball hat; and
- The first 25 Resellers who purchase a minimum of 5 (five) ELCAN Specter® sights will receive a *limited edition* 10th Anniversary ELCAN Specter® DR sight commemorative coin.
